Lectures are delivered on Chemistry, Mineralogy, Natural Philosophy, Astronomy, Classical Literature and Legal and Political Science.

The Department of Law, History, Civil Polity and Political Economy, will be arranged as a part of the subgraduate course of instruction, agreeably to the intention of the founder; and will be fully entered upon as soon as the bequest of Mr. Maynard shall be productively invested. In the mean time, the services of the Professor, so far as they still continue to be a charge on the general fund of the College, will be required, as heretofore, in other departments of instruction.

There are stated and frequent exercises in Composition and Declamation, in all the classes, and in Forensic Disputation in the Senior and Junior classes.

Admission.

Candidates for admission to college, are examined on the day preceding Commencement. Applicants from a distance, however, may be examined on the last day of the ensuing vacation. No one is admissible to the Freshman class, until he has completed his fourteenth year; nor to an advanced standing, without a corresponding increase of age. Instructors are respectfully informed, that the candidates they present for the Freshman class, will be examined on the whole of the preparatory studies, or their full equivalents; and that the Faculty contemplate raising the standard of qualification for admission in future, of which seasonable notice will be given, in the catalogues of the college, from year to year. The Latin Grammar of Andrews and Stoddard is preferred in this college. A knowledge of Prosody is expected in candidates, and especially a correct accentuation in reading Latin and Greek.

Financial Regulations.

Resolved, That no student shall be permitted to enter on a second or any succeeding term, until he shall have paid, or secured to the satisfaction of the Treasurer, the fees of the preceding term.

Resolved, That no student can have an honorable dismission from this college, or certificate of his previous attendance in it, until all his bills are paid, or satisfactorily secured.

The above resolutions of the Board of Trustees were adopted in August 1837, and take effect from, and after, the beginning of the second term of the current year.

Abstract of Laws.

The members of this institution are expected to manifest, in speech and action, all proper respect and obedience to the government of the college, a gentlemanly deportment towards each other, and in all their conduct a practical compliance with the dictates of morality and the laws of the land.

In addition to these general rules, the following things are to be regarded as particularly prohibited:

1. Absence from any prescribed collegiate exercise.
2. Absence from rooms during the hours allotted to study, and after ten o'clock at night.
3. Unnecessary noise or disturbance at any hour.
4. The keeping or using of fire-arms, or gun-powder, or fire works of any kind, during term.
5. The use of ardent spirits.
6. Intoxication from any cause.
7. Playing at cards or other unlawful game.
8. Injury to the college buildings, fences, &c.
9. Absence from the town of Kirkland during term.
10. Improper deportment towards citizens, and injuries to their property.

The penalties consequent on non-compliance with the laws and regulations of college, are a series of warnings, five in number, preparatory to the separation of the offender from college, if he continue unreclaimed.

For offenses requiring more than a single warning, the offender may be placed on any part of the scale, or dismissed at once, if the nature of the offense require it.

Every warning is accompanied with a letter to the parent or guardian.

Unexceptionable deportment, and regularity, for one term, shall remove one warning from the record.

Absence from College. The portion of the year allotted to vacations is so great, as to render it quite unnecessary for the students to visit their friends during term, except for urgent and unforeseen reasons. The occasional loss of a day can not fail to have an unfavorable bearing on the intellectual habits and standing of the student. It is hoped that parents and guardians will concur with the Faculty in their opinion of the inexpediency of granting leave of absence in ordinary cases.

ADMISSION.

It is required that candidates for admission be not less than fourteen years of age for the Freshman class, with a corresponding increase for an advanced standing—that they furnish evidence of good moral character, and, if from another College, a regular dismission, and that they sustain a satisfactory examination on the PREPARATORY STUDIES, or for an advanced class, on the several studies to which the class they propose to enter has attended. None can be admitted into the Senior class after the winter vacation.

PREPARATORY STUDIES.

1. English, Latin, and Greek Grammar, including the prosody and correct accentuation in reading. [The Latin Grammar of Andrews and Stoddard is preferred.]
2. Sallust, or Cæsar's Commentaries.
3. Virgil's Æneid.
4. Cicero's Select Orations.
5. Prose of the Greek Reader. [Or Greek Testament and Græca Minora.]
6. Geography and Arithmetic.

The ENTRANCE EXAMINATION is held on the day preceding Commencement, and on the last day of the ensuing vacation.

COURSE OF INSTRUCTION.

The whole course of instruction occupies four years. Each year is divided into three terms. The students in all the classes attend three recitations or lectures on each of the six days, except Wednesdays and Saturdays. On these days they have two recitations, besides attending to public exhibitions in the Chapel, of Declamation, Select Translations from the Classics, Original Essays, and Specimens in Oratory.

The object of the course is to form the mind to habits of accurate discrimination, close reasoning, and vigorous application; and at the same time to furnish it with great leading facts and principles in Literature, Science, and the Arts.

H. H. for Hamilton Hall, or South College.

†. Absent from College by permission.

‡. Dismissed since the beginning of the present year.

ADMISSION.

It is required that candidates for admission be not less than fourteen years of age for the Freshman class, with a corresponding increase for an advanced standing—that they furnish evidence of a good moral character, and, if from another College, a regular dismission, and that they sustain a satisfactory examination on the PREPARATORY STUDIES, or for an advanced class, on the several studies to which the class they propose to enter has attended. None can be admitted into the Senior class after the winter vacation.

PREPARATORY STUDIES.

1. English, Latin, and Greek Grammar, including prosody and correct accentuation in reading.
2. Sallust, or Cæsar's Commentaries.
3. Virgil's Æneid.
4. Cicero's Select Orations.
5. Prose of the Greek Reader. [Or Greek Testament and Græca Minora.]
6. Geography and Arithmetic.

The ENTRANCE EXAMINATION is held on the day preceding Commencement, and on the last day of the ensuing vacation.

COURSE OF INSTRUCTION.

The whole course of instruction occupies four years. Each year is divided into three terms. The students in all the classes attend three recitations or lectures on each of the six days, except Wednesdays and Saturdays. On these days they have two recitations, besides attending to public exhibitions in the Chapel, of Declamation, Select Translations from the Classics, Original Essays, and Specimens in Oratory.

The object of the course is to form the mind to habits of accurate discrimination, close reasoning, and vigorous application; and at the same time, to furnish it with the great leading facts and principles in Literature, Science, and the Arts.

Absence from College.—The portion of the year allotted to vacations is so great, as to render it quite unnecessary for the Students to visit their friends during the term, except for urgent and unforeseen reasons. The occasional loss of a day, can not fail to have an unfavorable bearing on the intellectual habits and standing of the Student. It is hoped that parents and guardians will concur with the Faculty, in their opinion of the inexpediency of granting leave of absence in ordinary cases.

inets are also connected with the College, sufficiently large for the ordinary purposes of instruction.

In addition to the above, any damages voluntarily committed in the community of Students, are charged to the individuals committing them, when known: to the whole body when not known, under the name of Extra Contingencies.

The above estimate of expenses is, of course, very considerably diminished in the case of those Students who take advantage of the resolution of the Board of Trustees, which provides for a remission of their bills for tuition.

A Student admitted to an advanced standing, unless from another College, is charged to the Sophomore class $7, to the Junior $10, and to the Senior $12.

PAYMENT OF BILLS.

It is provided by a resolution of the Board of Trustees:

1. That no Student shall be permitted to enter on a second or any succeeding term, until he shall have paid or secured to the satisfaction of the Treasurer, the fees of the preceding term.

2. That no Student can have an honorable dismission from this College, or certificate of his previous attendance in it, until all his bills are paid, or satisfactorily secured.

3. That any Student whose circumstances render it necessary, provided he proves himself a worthy member of the College, and his under graduate course is completed in this institution, can have his bills for tuition remitted.

ABSENCE FROM COLLEGE.

The portion of the year allotted to vacations is so great, as to render it quite unnecessary for the Students to visit their friends during the term, except for urgent and unforeseen reasons. The occasional loss of a day, can not fail to have an unfavorable bearing on the intellectual habits and standing of the Student. It is hoped that parents and guardians will concur with the Faculty, in their opinion of the inexpediency of granting leave of absence in ordinary cases.

It is required that candidates for admission to the Freshman Class, should be not less than fourteen years of age, with a corresponding increase for an advanced standing; that they furnish evidence of a good moral character, and, if from another College, a regular dismission; and that they sustain a satisfactory examination on the PREPARATORY STUDIES, or for an advanced class, on the several studies to which the class they propose to enter has attended. None can be admitted into the Senior class after the winter vacation.

RHETORICAL EXERCISES.

Frequent exercises in Composition, Translation, and Forensic Disputation, take place in the several classes. Besides these, on Wednesday and Saturday of each week, all the students are required to attend public exhibitions in the Chapel, of Declamation, Select Translations from the Classics, and original Essays and Orations, under the direction of the Professor who has charge of the Rhetorical Department.

LIBRARIES AND CABINETS.

The College and Society Libraries, amounting nearly to 10,000 volumes, are at all times accessible to Students. Geological and Mineralogical Cabinets are also connected with the College, sufficiently large for the ordinary purposes of instruction.

RELIGIOUS INSTRUCTION.

Prayers are usually attended in the College Chapel every morning and evening, with reading of the Scriptures. Public services are attended in the Chapel, on the Sabbath, when all the Students are required to be present, except such as have permission to attend at other places of worship. In all the classes there is also, on Monday morning of each week, a recitation from the Greek Testament.

EXAMINATIONS.

1. Of all the classes at the close of the first term.
2. Of all the classes at the close of the second term.
3. Of the Senior class four weeks previous to Commencement.
4. Of the three other classes the week previous to Commencement.

PUBLIC PERFORMANCES.

1. Junior Exhibition, one week after the beginning of the third term.
2. Prize Declamations, on the evening preceding Commencement.
3. Commencement, on the fourth Wednesday in July.

TERMS.

1. From the third Wednesday in September, thirteen weeks.
2. From the first Wednesday in January, thirteen weeks.
3. From the fourth Wednesday in April, to Commencement.

EXPENSES.

Board, from $0,75 to $1,50 per week,.....	$29 25	to	$58 50
Room rent, average $3,00 per term,.....	9 00	"	9 00
For sweeping, and other contingencies,.....	4 00	"	4 50
For expense of recitation rooms,.....	1 00	"	1 50
Tuition in Senior and Junior classes,.....	30 00	"	30 00
Amount in Senior and Junior classes,.....	$73 25	"	$103 50
Tuition in Sophomore and Freshman class,.....	21 00	"	21 00
Amount in these classes,.....	$64 25	"	$94 50

In addition to the above, any damages voluntarily committed in the community of Students are charged to the individuals committing them, when known: to the whole body when not known, under the name of Extra Contingencies.

The above estimate of expenses is, of course, very considerably diminished in the case of those Students who take advantage of the resolution of the Board of Trustees, which provides for a remission of their bills for tuition.

A Student admitted to an advanced standing, unless from another College, is charged, to the Sophomore class $7, to the Junior $10, and to the Senior $12.

PAYMENT OF BILLS.

It is provided by a resolution of the Board of Trustees;

1. That no Student shall be permitted to enter on a second or any succeeding term, until he shall have paid, or secured to the satisfaction of the Treasurer, the fees of the preceding term.

2. That no Student can have an honorable dismission from this College, or certificate of his previous attendance in it, until all his bills are paid, or satisfactorily secured.

3. That any Student whose circumstances render it necessary, and who shall present satisfactory testimonials of that fact, provided he proves himself a worthy member of the College, and his under graduate course is completed in this institution, can have his bills for tuition remitted.

ABSENCE FROM COLLEGE.

The portion of the year allotted to vacations is so great, as to render it quite unnecessary for the Students to visit their friends during the term, except for urgent and unforeseen reasons. The occasional loss of a day, can not fail to have an unfavorable bearing on the intellectual habits and standing of the Student. It is hoped that parents and guardians will concur with the Faculty, in their opinion of the inexpediency of granting leave of absence in ordinary cases.

Frequent exercises in Composition, Translation, and Forensic Disputation, take place in the several Classes. Besides these, on Wednesday and Saturday of each week, all the Students are required to attend public exhibitions in the Chapel, of Declamation, Select Translations from the Classics, and original Essays and Orations, under the direction of the Professor who has charge of the Rhetorical Department.

LIBRARIES AND CABINETS.

The College and Society Libraries, amounting nearly to 10,000 volumes, are at all times accessible to Students. Geological and Mineralogical Cabinets are also connected with the College, sufficiently large for the ordinary purposes of instruction.

RELIGIOUS INSTRUCTION.

Morning and evening Prayers, with reading of the Scriptures, are attended in the College Chapel. Public services are attended in the Chapel, on the Sabbath, when all the Students are required to be present, except such as have permission to attend at other places of worship. In all the Classes there is also, on Monday morning of each week, a recitation from the Greek Testament.

EXPENSES.

Board, from $0 75 to $1 50 per week,	$29 25	to	$58 50
Room rent, average $3 00 per term,	9 00	"	9 00
For sweeping, and other contingencies,	4 00	"	4 50
For expense of recitation rooms,	1 00	"	1 50
Tuition in the Senior and Junior Classes,	30 00	"	30 00
Amount in the Senior and Junior Classes,	$73 25	"	$103 50
Tuition in the Sophomore and Freshman Classes,	21 00	"	21 00
Amount in these Classes,	$64 25	"	$94 50

In addition to the above, any damages voluntarily committed in the community of Students are charged to the individuals committing them, when known: to the whole body, when not known, under the name of Extra Contingencies.

The above estimate of expenses is, of course, very considerably diminished in the case of those Students who take advantage of the resolution of the Board of Trustees, which provides for a remission of their bills for tuition.

A Student admitted to an advanced standing, unless from another College, is charged, to the Sophomore Class $7, to the Junior $10, and to the Senior $12.

PAYMENT OF BILLS.

It is provided by a resolution of the Board of Trustees;

1. That no Student shall be permitted to enter on a second or any succeeding Term, until he shall have paid, or secured to the satisfaction of the Treasurer, the fees of the preceding Term.

2. That no Student can have an honorable dismission from this College, or certificate of his previous attendance in it, until all his bills are paid, or satisfactorily secured.

3. That any Student whose circumstances render it necessary, and who shall present satisfactory testimonials of that fact, provided he proves himself a worthy member of the College, and his under-graduate course is completed in this Institution, can have his bills for tuition remitted.

ABSENCE FROM COLLEGE.

The portion of the year allotted to vacations is so great, as to render it quite unnecessary for the Students to visit their friends during the Term, except for urgent and unforeseen reasons. The occasional loss of a day, can not fail to have an unfavorable bearing on the intellectual habits and standing of the Student. It is hoped that parents and guardians will concur with the Faculty, in their opinion of the inexpediency of granting leave of absence in ordinary cases.

Note.

As we expressed upon a similar occasion last year, we are opposed to the introduction of Society distinctions in a College Catalogue; but as the Secret Societies of this Institution have determined to insert their names in the regular edition, and have refused to insert the name and members of our Society upon an equality with themselves, the only way in which we can obtain justice is by publishing this extra edition, thus showing to the world that *Secrecy* does not exert an exclusive influence in this Institution.

In laboring for the abolition of Secret Societies in College, we are sustained and encouraged by the high stand taken against these organizations by the Faculties and Trustees of many of our Literary Institutions; by the cordial co-operation of many of the distinguished men of the land; by the "God Speed" given us by many of the graduated members of Secret Societies; and, more than all, by the firm conviction that we are laboring in the cause of Truth and Religion.

Anti-Secret Confederation.

It is required that candidates for admission to the Freshman Class, should not be less than fourteen years of age, with a corresponding increase for an advanced standing; that they furnish evidence of a good moral character, and, if from another College, a regular dismission; and that they sustain a satisfactory examination on the Preparatory Studies, or for an advanced class, on the several studies to which the class they propose to enter has attended. Prizes in the form of valuable books are annually awarded to the two students in each class, who exhibit the highest degree of excellence in public declamation. Similar prizes will also hereafter be awarded for excellence in English composition.

RELIGIOUS INSTRUCTION.

Morning and evening Prayers, with reading of the Scriptures, are attended in the College Chapel. Public services are attended in the Chapel, on the Sabbath, when all the Students are required to be present, except such as have permission to attend at other places of worship.

EXAMINATIONS.

1. Of all the Classes at the close of the First Term.

2. Prize Declamation, on the Monday evening preceding Commencement.
3. Commencement, on the fourth Wednesday in July.

TERMS.

1. From the third Wednesday in September, thirteen weeks.
2. From the first Wednesday in January, thirteen weeks.
3. From the fourth Wednesday in April, to Commencement.

EXPENSES.

Board, from $1 to $2 per week,	$39 00 to	78 00
Room Rent, $3 per term,	9 00 "	9 00
For sweeping and other contingencies,	4 00 "	4 50
Fuel and Lights,	5 00 "	10 00
Tuition,	30 00 "	30 00
Amount,	$87 00 "	131 50

In addition to the above, any damages voluntarily committed in the community of Students, are charged to the individuals committing them, when known; to the whole body, when not known, under the name of Extra Contingencies.

The above estimate of expenses is, of course, considerably diminished in the case of those students who take advantage of the resolution of the Board of Trustees, which provides for a remission of their bills for tuition.

A Student admitted to an advanced standing, unless from another College, is charged, to the Sophomore Class, $7; to the Junior, $10; to the Senior, $12.

Students whose circumstances make it necessary for them to take schools during the winter season, are permitted to be absent from their classes for that purpose.

PAYMENT OF BILLS.

It is provided by a resolution of the Board of Trustees:

1. That no Student shall be permitted to enter on a second, or any succeeding Term, until he shall have paid, or secured to the satisfaction of the Treasurer, the fees of the preceding Term.

2. That no Student can have an honorable dismission from this College, or certificate of his previous attendance in it, until all his bills are paid, or satisfactorily secured.

3. That any student, whose circumstances render it necessary, and who shall present satisfactory testimonials of that fact, provided he proves himself a worthy member of the College, and his under-graduate course is completed in this Institution, can have his bills for tuition remitted.

ABSENCE FROM COLLEGE.

The portion of the year allotted to vacations is so great as to render it quite unnecessary for the Students to visit their friends during the Term, except for urgent and unforseen reasons. The occasional loss of a day, cannot fail to have an unfavorable bearing on the intellectual habits and standing of the Student. It is hoped that parents and guardians will concur with the Faculty, in their opinion of the inexpediency of granting leave of absence in ordinary cases.
